DETAILED ACTION

This is a Notice of Allowance in response to Appeal Brief filed 7/15/2005.

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Allowable Subject Matter

Claims 1-16 are allowed.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention, inter alia, recited in the independent claims 1, 7 and 12, of transmitting a verification message to verify the contents of the ESL'S registers if the response is interpreted by the host computer as a positive acknowledgement, waiting for a response to the verification message, and if the response to the verification message indicates that the contents of the ESL'S registers match the expected contents as maintained by the host computer, then logging the initial message as successfully received.

Consequently, independent claims 1, 7 and 12 are allowed over the prior arts of record. Claims 2-6, 8-11 and 13-16 are directly or indirectly depended upon the independent claims and therefore are also allowable.

Art Unit: 2133

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
